CONFERENCE

GLOBAL MILLING  
CONFERENCE

**2017**

**JUNE 13th 2017**  
ACHIEVING GREAT SYNERGIES  
BETWEEN MILLING SECTORS  
AS THE WORLD WAKES UP TO  
THE CHALLENGE OF FEEDING 9.5  
BILLION PEOPLE BY 2050  
**COLOGNE MESSE, GERMANY**

# A ONE-DAY CONFERENCE FOR MILLERS OF FOOD, FLOUR & RICE

€200 CONFERENCE TICKET ALSO INCLUDES ACCESS TO THE FVG NETWORKING DAY TAKING PLACE ON JUNE 14th

## 3 SESSIONS

Aimed at: CEO's, directors and mill managers,  
to plant managers, transportation managers  
and nutritionists

Milling Materials - Varieties, nutrition and health

Global Milling - Opportunities for the milling industry

Milling Innovation - Technology & Development

Join us for this key  
international milling  
conference!

Part of:

**FVGselect2017**  
FIAAP VICTAM **grapas**

Organised by:

Supported by

**bit.ly/grapas**

10:00-10:30 **Coffee**

10:30-11:00 **Welcome**

## Session A - Milling Materials - Varieties, nutrition and health

11:00-11:30 **Ensuring food safety in the milling process**

Thomas, Ziolko, Product Manager Industrial Milling, Bühler Switzerland

11:30-12:00 **Quality Evaluation of UK Milling Wheat**

Martin, Whitworth, Principle Scientist - Primary Production and Processing, Campden BRI, UK

12:00-12:30 **GRANoFLAKES: A New Approach for the Production of High Quality Extruded Cornflakes**

Julie Prost - Process Engineer at Cleextral

12:30-13:00 **Mechanisms of Structure Formation in Baked Products**

Martin, Whitworth, Principle Scientist - Primary Production and Processing, Campden BRI, UK

13:00-14:00 **Lunch break**

## Session B - Global Milling - Opportunities for the milling industry

14:00-14:30 **Rice Milling - The role of extrusion technology in the milling industry**

Thomas, Landert, Vice-President International Sales, Wenger Manufacturing, USA

14:30-15:00 **Training the millers - Are we providing enough trained mill leaders?**

Alexander, Waugh, Director, nabim, UK

15:00-15:30 **The future importance of lesser known grains to global milling**

Cliff, Spencer, Chairman Milling4Life CIO, UK

15:30-16:00 **Coffee**

## Session C - Milling Innovation - Technology & Development

16:00-16:30 **Present situation and development of Chinese roller machining technology**

Wenbin, Wu, Head of Institute of Grain Machinery, University of Henan, China

16:30-17:00 **Internet of things: Sensors and online measurements for milling**

Nicholas Trounce, Head Product Management Industrial Milling, Bühler, Switzerland

17:30-18:00 **Bring back neglected cereals - From ancient grains to superfoods**

Prof. Dr. Thomas Miedaner, Research Scientist & Dr. Friedrich Longin, Research Scientist

18:00 **Closing**
