

Newsletter | June 2023

We are very pleased to announce that the visitor registration is now open for the first Victam LatAm 2023 event taking place on 3-5 October in Expo Center Norte, **São Paulo, Brazil**. This upcoming event for all segments of the animal feed production is co-located with two dedicated events for flour processing and handling events, GRAPAS and GEAPS.

This complete event will feature a wide range of exhibitors showcasing the latest innovations and services in the industry.

“The importance of the LATAM Region for our business and our wish to be as close to the market as possible, this makes our decision to participate in Victam LATAM an obvious one.”

Exhibitor quote Global MarCom Manager at ANDRITZ Feed & Biofuel

Whether you are a mill owner, director, manager, operator or a nutritionist, this event is the place to be to take advantage of the opportunity to network with industry professionals, learn about the latest trends and technologies, and explore new business opportunities. Not only within the exhibition halls you will learn about industry innovations, but also through our extensive conferences and technical seminars with key speakers sharing their insights. Victam Foundation will host the 3rd International Feed Technology Congress with Wageningen University along with other interesting extrusion programs such as “Maximized Feed Mill” and “Online Milling School” organized by Perendale.
